THANK YOU FOR MAKING THIS MISSION POSSIBLE. As the only faith-based, independent, non-profit hospice in southeast Michigan, Angela Hospice continues to be a leader in end-of-life care in our community and statewide, advocating for better end-of-life care for all people. With your help last year we cared for 2,344 patients and saw our average daily census increase by 10-percent. We are growing thanks to people like you, who believe in the mission and values of Angela Hospice, and are helping to spread the word about our caring programs. READ MORE >
It is important that people of all faiths and all circumstances know that they can turn to Angela Hospice when facing the death of a loved one. Thank you for your support, which makes crucial programs like our charitable Good Samaritan Care possible. Truly, we could not do this without you.

HIGHLIGHTS FROM THE YEAR >

- We are growing, growing, growing, and are now proud to be one of the six largest hospices serving southeast Michigan. More importantly, Angela Hospice consistently scores the highest in quality care benchmarks, ranked according to caregiver and family satisfaction. While nationally an average of 85-percent of families say they would recommend hospice based on their experience, Angela Hospice scores well above with 90-percent of families saying they would recommend Angela Hospice’s care. Not only is this above the national average, it is the highest score among our top competitors. You can see more of these ratings at medicare.gov/hospicecompare.

- Our partnership with Huron Valley’s PACE (Program of All-Inclusive Care for the Elderly) has grown significantly over the past year, and we continue to build caring partnerships with our colleagues throughout the community.

- Angela Hospice advocated at the state level for Medicaid hospice room and board funding and for hospice exceptions to the new opioid laws, ensuring that all hospice patients in the State of Michigan continue to receive the care they need, when and where they need it.
